PACKING SLIP

# IMPORTANT

## SHIPMENT SHORTAGE AND/OR DAMAGE

### Carrier's Responsibility

When the carrier/truck driver signs for and accepts a shipment at our factory, it becomes his responsibility to deliver the shipment, complete and undamaged, to its destination.

### YOUR RESPONSIBILITY

When the shipment arrives at your facility, it becomes your responsibility to check for shortages and/or damage.

### **BEFORE SIGNING** The carrier delivery receipt, check for the following:

1. Do **NUMBER** of pieces received and the delivery receipt match? If not, have the driver note the number of pieces short on the delivery receipt.
2. Is there any visible damage to the shipment (EX. does the pallet or crate look like its been dropped or run into; are handwheels broken, etc.). If so, have the driver note it on the delivery receipt and call the carrier for inspection.

### **Without shortage or damaged notations on the delivery receipt, claims cannot be filed.**

If concealed damage is found when unpacking shipment, you must notify carrier within **14 DAYS** after delivery and arrange for inspection. **SAVE** all packing materials until inspection is complete.

Notify CII Customer Service of any shipping problem as soon as possible. We also ask that you send us a copy of the signed delivery receipt.

Detailed damage claim procedures are listed below.

### CII Responsibility

We will do everything we can do to work with you and the carrier toward a quick and satisfying settlement.

If you have any questions, please contact:

**C.I.I. CUSTOMER SERVICE at (704) 841-6000**

## DAMAGE CLAIM PROCEDURE

### Visible Damage At Time Of Delivery

1. Note damage on carrier's delivery receipt. Accept the shipment. It can be returned later if repairs aren't possible in the field.
2. Request a "damage inspection" from the delivering carrier:
  - a. The carrier will send his own people or contract an independent agency to make the inspection.
  - b. The inspector will request a signature on the report and leave a copy.
  - c. The carrier "damage inspection" isn't final. If additional damage is found when repairs are started, contact the carrier for another inspection; or, at least give them the details of the damage.
3. Don't move the shipment from the receiving area and keep all shipping materials until the carrier "damage inspection" report is complete.
4. If possible, take photographs of the damage and keep them with your file. Photos could possibly prove a claim at a later time.
5. Keep a record of all expenses and be sure they are documented.
6. Repair damage in the field whenever possible. Carriers encourage this to keep expenses down.
7. You have 9 months to file a claim.

### Concealed Damage

1. You have 14 days after delivery to report damage not noted at time of delivery.
  - a. Report damage as soon as possible. This makes it easier to prove that it didn't happen in consignee's plant.
  - b. Inspect shipment carefully before moving from the receiving area. Again if shipment isn't moved it's easier to prove your case.
2. Request a "damage inspection" from the delivering carrier:
  - a. The carrier will send his own people or contract an independent agency to make the inspection.
  - b. The inspector will request a signature on the report and leave a copy.
  - c. The carrier "damage inspection" report isn't final. If additional damage is found when repairs are started, contact the carrier for another inspection; or, at least give them the details of the damage.
3. Don't move the shipment from the receiving area and keep all shipping materials until the carrier "damage inspection" report is complete.
4. If possible, take photographs of the damage and keep them with your file. Photos could possibly prove a claim at a later time.
5. Keep a record of all expenses and be sure they are documented.
6. Repair damage in the field whenever possible. Carriers encourage this to keep expenses down.
7. You have 9 months to file a claim.
